Some Features of This Report

This Database has been enhanced for your benefit using several features available in Adobe Acrobat.

The **Bookmarks** found on the left hand side of the screen will allow you to quickly jump to points of interest within the Database just by clicking on the section title. [Note the red circle at the left of the above image] If the Bookmark has a “+” sign beside it, this means that it contains other Bookmarks within it much in the same way your computer stores files within folders and sub-folders. Just Click on the “+” to see what other Bookmarks it contains.

You can also do a **keyword search** for more specific queries. [See red oval at the top of the above image] The Full Adobe Acrobat Search on the Find Toolbar will conduct a powerful search of the entire document. You can use a Boolean query to search for one or more key terms by typing AND or OR in capital letters to separate the search terms. It will list every instance of your keyword within the document.

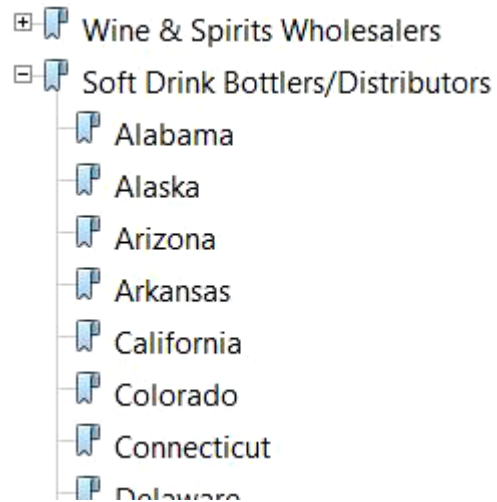

If you do not have the Find Toolbar you may not have the latest Adobe Acrobat Reader software installed on your computer. For the latest version of these files please visit <http://www.adobe.com>.

The web links found in the directory are all active. Simply move your cursor over any URL or e-mail address and click. This will open the appropriate application to allow you to send mail or view the website.

Database and Reports – Online and in PDF

This edition of the *BMC Beverage Company Database* is available in PDF, CD-ROM and online formats. The only comprehensive guide to the beverage industry of the United

States and Canada, it puts thousands of beverage wholesalers, importers, distributors, bottlers, canners, breweries, franchise companies, drink producers and distilleries at your fingertips. It includes contact information, brand affiliation, production capacity, sales volume and fleet data for virtually every U.S. and Canadian beverage producer and distributor as well as the industry's largest personnel listing, featuring more than 19,000 beverage executives.

Beverage Marketing Corporation also publishes more than 30 market reports each year, providing current data and analysis on all beverage categories including bottled water, beer, carbonated soft drinks, dairy alternatives, and fruit beverages. In 2015, U.S. beverage category reports became future-oriented with five-year projections supplemented the industry-standard statistics in many the chapters. In 2019, new reports on the impact of cannabis on the beverage business and new types of beverage alcohol were added to the report lineup. In 2020, expanded coverage of the high-end segments of several beverage categories was added to select reports. Like this *Database*,

Beverage Marketing's authoritative market reports are available in various electronic formats.

Also in 2020, the company launched *The Beverage Strategist* – data-driven beverage insights and analysis in a bi-weekly newsletter format. Beverage Marketing included coverage of the impact of the covid-19 pandemic on the beverage industry. In 2023, it will continue to quantify and analyze key developments and trends in both the *Strategist* and its reports.
